EDUCATION

Information Technology, Bachelor of Engineering
Rastrasant Tukadoji Maharaj Nagpur University

07/2018 - 06/2022
Nagpur Maharastra
- CGPA: 7.13/ 10

WORK EXPERIENCE

5th Dimension Technologies
MERN Developer Intern

05/2023 - 01/2024   *Hyderabad, India*
Achievements/Tasks

- **Mastered MERN Stack**: Mastered the MERN stack while developing key modules for a hospital management system. Worked extensively with MongoDB for data modeling, Express.js and Node.js for building scalable APIs, and React.js for creating user-friendly interfaces. Contributed to secure and efficient handling of patient records, appointments, and medical histories, ensuring system reliability.
- **Hospital Workflow Understanding**: Gained a deep understanding of hospital workflows and tailored software solutions to align with the unique needs of healthcare professionals. Designed features to streamline patient management, appointment scheduling, and record-keeping, enhancing operational efficiency and user satisfaction.
- **Problem Solving**: Overcame various development challenges by quickly adapting to new technologies and tools, ensuring timely delivery of key project features. Demonstrated strong problem-solving skills in debugging and optimizing code, maintaining high-quality standards while meeting tight project deadlines.

PERSONAL PROJECTS

Swiftkart (MERN E-Commerce App) (10/2024 - 01/2025)
- LIVE demo and CODE
- **Tech Stack** : MERN Stack, Tailwind css, Redux toolkit.
- **Feature-rich Functionality** : Integrated a range of features to enhance the platform, including secure user authentication, efficient product management, and a dynamic shopping cart. Implemented secure payment gateways for safe transactions and developed an order processing system, streamlining order management and improving the overall user experience.
- **Admin Dashboard** : Added an easy-to-use admin dashboard that enables administrators to efficiently manage products, track orders, and gain valuable insights into sales and inventory. The dashboard streamlines administrative tasks, providing a user-friendly interface for better decision-making.
- **Responsive Design & Performance Optimization** : Optimized the application to ensure a seamless shopping experience across all devices and networks. Focused on making the app fully responsive, adapting the layout for various screen sizes and improving performance to reduce load times. Enhanced speed and responsiveness, ensuring smooth navigation and faster page loads, even in slower network.
